MEDICAL SILICONE NOSE PADS

The COMFORT side of design

## ND26

New Hot Stamping of LOGO

### EXCELLENT DEFINITION

by transparency

---

#### ND26 PERSONALIZATION

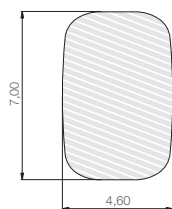

The excellent definition is obtained by contrast between the matt background and the transparency of the logo.  
The background is available in matt silver and in matt gold.

---

## INSERT AND LOGO

The personalization is offered on our plastic insert in standard "C" Shape

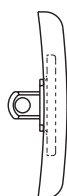

The logo can be oriented or not oriented

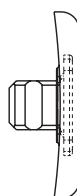

PERSONALIZATION AREA OF

MPM Medical PVC Pads with Plastic Inserts

---

**No tooling charge, low minimum quantity, samples available in a few days**

---

## NDE120 - NDE123

New Ink printing of LOGO on Hot Stamping

### CROMATIC LOGO

on metallic effect background

---

#### NDE120 - NDE123 PERSONALIZATION

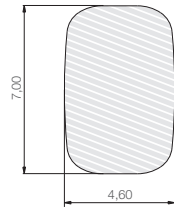

The cromatic logo is obtained by precision ink printing on a metallic effect hot stamped background that covers the complete surface of the insert. The logo can be printed in many different ink colors (red, black, gray, blue, green). The background is available in matt silver and in matt gold.

---

## INSERT AND LOGO

The personalization is offered on our plastic insert in standard "C" Shape

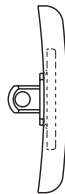

The logo can be oriented or not oriented

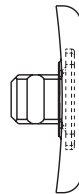

PERSONALIZATION AREA OF  
**STANDARD INSERT "C" SHAPE**

---

MPM Medical PVC Pads with Plastic Inserts

---

**No tooling charge, low minimum quantity, samples available in a few days**

---

## **NDE30 - NDE33**

DOUBLE EFFECT personalization

### **HIGH CONTRAST LOGO**

Combining Matt and Shiny with Gold and Silver colors

---

### **NDE30 - NDE33 PERSONALIZATION**

The double effect is obtained by contrast between shiny metal foil background and matt logo, or matt background and shiny logo. The usage of Gold and Silver in different combinations sharpens the contrast and gives a luxury metallic effect.

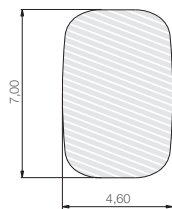

---
